- Resistant to corrosion and chemicals
- Improved gas tightness of the cover
- Customer logo – for batches over 100 pcs customer logo can be made
- (tool change costs 450€)

THREADED EXTENSION

dimension: 600×400
code: 7600088710

Cover can be simple screwed in the tank and easy adjusted to the terrain. It is compatible with additional extension of the extension in the case of deep ground installation.

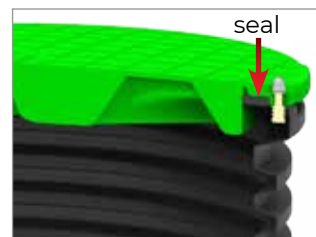

Simple opening - The extension has two integrated recesses, so the cover can be accessed with hands and pulled up.

Safer - Cover is attached on the hinge and can be opened up to 175°.

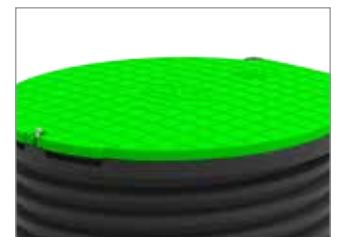

Easy to close - M8 bolt inside the hinge, provides that the cover stays on its place.

Watertightness - due to gasket which is installed inside the cover and the size of the cover which covers whole extension.

Low weight - allows easy opening

Anti slip texture - prevent slippage on the cover while its wet or frozen.
